Have you ever thought of bringing back a piece of history to its former glory? This could be the project for you with the house originally built back in 1909.

The residence has been held in the same family since 1947 and features the original red brick work under the render.

When they say a property oozes character they might well of been describing this home - 3 good sized bedrooms, lounge with open fire place plus classic country kitchen.

All this is set on an amazing 2023m2 allotment right across the road from Stanthorpe State Primary School.
