Situated in a very quiet and peaceful location, you will find 'The Lodge', a beautiful and unique partly furnished timber cabin built by a Canadian Lumberjack from pine taken off the block on a partly cleared 5 acres. The property features 2 large rain water tanks, gas heating and cooking, an open plan kitchen/dining/living, walk-in pantry, 4 generous sized bedrooms with built-in shelving, an ensuite, bathroom, 3 toilets and gas heating. The laundry is located at the end of the wooden deck. Best of all, the property is completely off grid with a 7kw (48 volt) solar system and generates enough power to suit a family, so no power bills!
