

719 Mount Tully Rd Mount Tully QLD

Properties like this one are rare as hen's teeth, 18.92 hectares with three great dams plus spring hole.

You'll find this property only 10km from Stanthorpe in the sort after area of Mount Tully. The current owner has built a great little weekender with timber and granite rock feature walls, country style kitchen, wood heater to keep you warm, lovely bathroom and septic toilet.

Power is fully connected and the block offers many opportunities like running a few head of cattle or let the kids ride their motorbikes.

This could also be your dream homesite in the future. Don't miss out on this property which has been owned by the present owner since 1991. Contact Scott Mann on 0427 814 444.

Land Size : 18.92 ha
